

Korxx

Supplier: Asco Educational Supplies Ltd

Web: www.ascoeducational.co.uk

Price: £149.50 (ex. VAT)

Age range: 3+ years (or 2+ with adult supervision)

Description: With Korxx, even the most unusual "seemingly impossible" structures will succeed! The lightness of the cork blocks, together with their surface friction, allow them to be stacked imperfectly at all angles, making them ideal for younger children as it reduces frustration. The blocks have bevelled edges and polished surfaces.

Score: 93.1%

What the testers said: "Fantastic product! The children enjoyed these cork bricks as they were light and it didn't matter if they fell. The bricks are a good size for the children and the storage box is great too. The children enjoyed constructing towers and mixing the bricks with our other construction toys."
